#### < About "DigDigDrill" >

"DigDigDrill" is a single-player game focused on excavation and resource gathering. In a world with no enemies and no time limits, you can leisurely dig deeper at your own pace. Use your gathered materials to craft unique drills. With its satisfying repetitive tasks and a hack-and-slash style equipment system, are you ready to lose track of time?

- **Steady Digging in a Treasure-Filled Underground:** Collect ores and treasure chests as you dig toward the 999th floor. Once your bag is full, head back to the surface!
- **"Puzzle x Blacksmithing" Crafting:** The resources you collect act as puzzle pieces. Fit them into blueprints to generate powerful new drills.
- **Combine Equipment for Special Effects:** Drills may gain random special effects. As you progress, you can equip more drills to combine various effects and create the ultimate machine tailored to your style.
